

Aloha Makes All the Difference (Part 1)

Video Description

Uncle Scotty demonstrates how showing aloha to invasive species can benefit them, our community, and our culture.

Guiding Questions

- Why should we know about the wood that comes from invasive trees?
- What kind of invasive wood does Uncle Scotty talk about?
- Why is it important to populate our forests with native plants and trees?
- How can aloha change the way we interact with invasives?
- What are some of the invasives Uncle Scotty likes to work with?

Thinking Beyond

- How does building an albizia canoe perpetuate Hawaiian or Pacific Island culture?
- Mangrove is a threat to ancient Hawaiian fishponds. How can the removal of these invasives support other cultural practices?

Pick Safety (Part 2)

Video Description

Uncle Scotty demonstrates pick safety.

Guiding Questions

- Why should we know pick safety?
- What is the technique to properly use a pick?
- If you use Uncle Scotty's method, what does he promise?
- What does Uncle Scotty mean when he says, "The pick cannot be mad at the shovel because the shovel is not a pick."

Thinking Beyond

- Describe a time when you had to rely on someone. How did it work out?
- Tools are designed to make work lighter. If you were a tool, what would you be? Why?

Making Shakas (Part 3)

Video Description

Uncle Scotty shows us a shaka-riffic technique to keep our line untangled and ready to lash.

Guiding Questions

- What is the purpose in making a shaka bundle?
- Why should someone who is a lasher learn the shaka technique?
- What do lashers, surfers, hula dancers, yogis, and basketball players have in common?
- How are the following words used to describe parts of the shaka bundle? collar, tail, and half-hitch.
- How do you know if you have made your shaka properly?

Thinking Beyond

- Uncle Scotty talks about practicing 100 to 1,000 times to perfect the shaka bundle. Have you ever practiced a lot to get good at something?
- The shaka bundle is a tool that helps with preparation, safety, and clean up. Can you think of a tool that has helped make things easier for you?

Lashing (Part 4)

Video Description

Uncle Scotty shows us how to lash an 'oloke'a (scaffold) used in hale building..

Guiding Questions

- How is the 'oloke'a different from a common scaffold?
- What is the purpose of the 'oloke'a?
- Uncle Scotty talks about intention when lashing. What does he mean by this?
- Uncle Scotty says each lash can withstand 500 lbs. of weight. How many pounds does it take to break the 'oloke'a?

Thinking Beyond

- Uncle Scotty is a master of metaphors, which is a Hawaiian way to explain something through story. Can you create a story to explain something?

"In accordance with Federal law and U.S. Department of Agriculture policy, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, age, or disability. (Not all prohibited bases apply to all programs.) To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, Room 326-W, Whitten Building, 1400 Independence Avenue, SW, Washington, DC 20250-9410 or call (202) 720-5964 (voice and TDD). USDA is an equal opportunity provider and employer."
